

## BEST PLACES FOR WATERFALL SAILING IN USA TO TASTE ONE OF THE BEST ADVENTURE SPORTS IN THE WORLD

### WATERFALL SAILING

Not just one but three waterfalls create the magnificence that is North America's largest falls, Niagara: Horseshoe Falls, American Falls and Bridal Veil Falls. They straddle the US and Canadian border formed by the Niagara River, and no matter your vantage point, they are wondrous. Not just one but three waterfalls create the magnificence that is North America's largest falls, Niagara: Horseshoe Falls, American Falls and Bridal Veil Falls. They straddle the US and Canadian border formed by the Niagara River, and no matter your vantage point, they are wondrous. The one state, in particular, that has slightly more waterfalls than any other is Washington - with its neighbor, Oregon, being a close second. Washington's landscape is chiseled by the most extreme and breathtaking mountains, rivers that curve through cliffsides, and lush forests that envelop much of the state.

### FIVE BEST WATERFALL FOR SAILING IN USA

1. Cumberland falls

2. Fall creek falls
3. Mingo falls
4. Overall run falls
5. Rainbow falls

## 1. Cumberland Falls

If you're willing to head a little more inland, Cumberland Falls is worth a visit! Located in Kentucky, Cumberland Falls cascades almost 70' into the Cumberland River. Sometimes called the "Little Niagara", the falls are one of the few places in the world you can possibly see a naturally occurring "moonbow" as well!

Duration : 8 hours

best time to visit : cold climate

destination covered : north Canada

best organizers : outdoorkedi

cost of this place to visit :\$ 59

## 2. Fall Creek Falls

One of the tallest waterfalls in the eastern United States, you won't want to miss out on seeing this stunning natural wonder! Part of Fall Creek Falls State Park, situated in Tennessee, you can also look forward to checking out several hiking trails in the park as well!

Duration : 6 days

best time to visit : November to January

destination covered : over the mountain

best organizers : travel guru

cost of this place to visit : \$ 85

### 3. Mingo Falls

Head just outside of Great Smoky National Park to see Mingo Falls! At 120', Mingo Falls is one of the tallest waterfalls in the Appalachian Mountains. You can view the falls via a short 0.4-mile hike. Despite the hike's short distance, it is listed as moderate due to terrain, so you'll want to make sure to bring some sturdy shoes.

Duration : 8 days

best time to visit : during winter

destination covered : all world best organizers : triangle travel

cost of this place : \$ 2 million

#### 4. Overall Run Falls

If you're looking for a hidden gem that's a bit off the beaten path, check out Overall Run Falls.

This waterfall requires a bit of a hike to get to, but is well worth it! The falls are located near Bentonville, Virginia, in Shenandoah National Park. You can view the falls via the 6.5-mile roundtrip Overall Run Trail. The route to the falls is almost as scenic as the falls themselves, winding through beautiful forests.

Duration : 5 days

best time to visit : after summer

destination covered : over niyagra falls

Best organizers : Wikipedia

cost of this place to visit : \$ 7

#### 5. Rainbow Falls

Head over to Great Smoky Mountain to see Rainbow Falls! This is another one that does require a hike, so you'll want to make sure to schedule in enough time and bring proper shoes if you are heading out to see these falls. They are situated at the end of a 5.4-mile round trip hike. The hike is listed as moderate, however, there are steeper sections that may push it more towards the "difficult" territory. The hike is worth it though to see these sparkling falls!

Duration : 6 days

best time to visit : November to January

destination covered : over the mountain

best organizers : travel guru

cost of this place to visit : \$ 85

Essential equipment for waterfall sailing in USA

### 1. Quality Built to Last

At Fountain People, we emphasize the importance in the quality in our water effects, and use select materials such as high-grade brass, bronze, and 316L stainless steel to support that emphasis.
